

# My Representative

Lyrics: Andrew Rule, CC-BY 3.0

Music: Trad. "Poor Wayfaring Stranger", altd.

This piece is a blues. I've used the prall to indicate a falling tone. All Cs should be played halfway between C<sup>♯</sup> and C<sup>♮</sup> (indicated with the half-sharp sign). Long notes should have a slow vibrato. Because Cs are half sharp, I've put in chords that have no C. For the guitar playing the tune, this piece is all in the second position.
